

Atlantic Packaging Wellness Incentive Program 2019/2020

We are excited to be moving to a points-based system. Employees will work to meet a 100-point minimum requirement during the current year with a deadline of August 31, 2020 to become eligible to receive the premium discount for next year (2020 – 2021). Your health plan is committed to helping you achieve your best health. Rewards for participating in a wellness program are available to all employees. If you think you might be unable to meet a standard for a reward under this wellness program, you might qualify for an opportunity to earn the same reward by different means.
